HALFTIME NOW IN SOUTH AFRICA

HALFTIME presents the ideal opportunity to assist people to live calling orientated lives in order to change their lives from Success to Significance. HALFTIME now has a office in South Africa with a full-time director, Tommy O’Kennedy. For the past few months we have organised a number of HALFTIME Vision Casting and Summit Events as well as HALFTIME Seminars for business and professional leaders. We mainly use pastors, ministers of churches and people who attended HALFTIME seminars to assist us organizing these events. More and more business and professional leaders are becoming involved. We also have one-on-one coaching to help Halftimers progress in the four stages of their journey from Success to Significance. At the moment our target group is men and woman between the ages of 38 and 55.

The HALFTIME organization is in essence a community of individuals together seeking to support, encourage, learn and accelerate the attainment of a life that is truly significant.

PEOPLE HAVE TWO LIVES

“People now have two lives – life 1 and life 2 – and they are over prepared for life 1 and under prepared for life 2, and there is no university for the second half of life” - Peter Drucker

You’re not alone. Millions of people all over the world and also in South Africa are in their midlife and is ready for life 2, the second half of their life journey. You need a break (Halftime) to prepare yourself for the second half. Bob Buford, author of the best seller ‘Halftime’ says, “HALFTIME is a pause in midlife to reflect on what we’ve accomplished, who we have become, and what will matter in the end. It is also a point to redirect our time and resources for the second half”. The healthiest Halftimers do not travel the road alone. Rather, they connect with peers who are on a journey of their own and learn from others who have successfully made it to the other side.

“Many people measure their success by wealth, recognition, power and status. There’s nothing wrong with those, but if that’s all you’re focused on, you’re missing the boat... Using your time and talent to serve others – that’s when truly meaningful success can come your way”

YOU CAN MAKE A DIFFERENCE

It is fascinating to consider how Jesus launched the Christian movement that swept across the Roman Empire and impacted every corner of the globe. He went to the marketplace. Jesus called ordinary business people to be His disciples. With that small cohort, He turned the world upside down.

According to our mission “to inspire business and professional leaders to embrace God’s calling and move from Success to Significance”, we believe as these leaders achieve maximum leverage and return on their investment of time and resources, dramatically changed lives and healthier communities will naturally follow in South Africa and in the rest of Africa.

It will be very exciting to see where the Holy Spirit will be leading us over the next five years. We are fully aware that we need wisdom to know what our focus must be on this exciting journey and we ask people to help us pray for wisdom. James 1:5 says: “If any of you lacks wisdom, he should pray to God, who will give it to him; because God gives generously and graciously to all”.
